The Delta Coalition, an association of diverse interests that includes the County of San Joaquin and all cities within San Joaquin County, San Joaquin Council of Governments, Port of Stockton, Business Council of San Joaquin, Building Industry Association of the Greater Valley, San Joaquin Farm Bureau Federation, Restore the Delta, California Sportfishing Protection Alliance, South San Joaquin Water Conservation District, Stockton East Water District and the Central Delta and South Delta Water Districts appreciates the opportunity to comment on the DEIR for the proposed Bay Delta Conservation Plan (BDCP) project. Notwithstanding the diversity of our membership, we all agree that the BDCP is not the answer for restoring the Delta and would in fact cause profound and unprecedented harm to both the Delta ecosystem and the economy of our region.

Attached you will find comments submitted by our members, provided here for your consideration and to communicate to you our passionate and well-reasoned opposition to this project.

Thank you again for the opportunity to comment. Please feel free to contact me with any questions you might have, I can be reached at (209) 607-0600.

Sincerely,

KATHY MILLER
CHAIR DELTA COALITION
COUNCILMEMBER, DISTRICT 2
